

# Faith and Public Issues Survey

In Micah 6:8 the question is asked-" What does the Lord require of you, Israel? " We are to do justice, love mercy and walk humbly with God. Faith and Public Issues is a vehicle for the church to be informed about and advocate for persons who confront poverty, homelessness, hunger, unemployment poor health care, etc. There are also broader issues related to justice, human rights violations, race relations and peace and war.

Faith and Public Issues would like to know what issues are most important to you as individuals, so that we can shape this aspect of the church's ministry in a meaningful and participatory way. We believe that these concerns can be addressed in a number of ways, including prayer, financial support collective action, study and volunteering. We welcome you to join us in discovering together what direction we may want to take as individuals and as a congregation. If you have another interest not listed here, please add it in other category. Please fill out the survey, sign your name and place in the offering plate.

I am interested in:
